

Functional Utilities consultant

LAVA is a management consulting firm focusing on the utilities' market and its ecosystem. Covering all aspects of the business value chain and its support functions, **LAVA** helps organisations in their business transformation and performance improvement endeavours. We deliver services with bright, experienced professionals and strive for continuous client satisfaction. To join our team and sustain our growth, we are looking for a Functional Utilities Consultant.

Your role

In your role you will focus on 2 key areas:

Monitoring & Alerting:

- Follow-up of the designs, developments and delivery of Monitoring & Alerting requirements throughout the different implementation tracks
- Preparation of the testing in collaboration with the different stakeholders
- Testing and progress reporting
- Development and implementation of the M&A dashboard

Error handling:

- Setting up error catalogues, elaboration of the solutions and documenting work instructions for processing these errors
- Supporting the setup of an error handling organisation cross application
- Setting up error handling reporting (backlog reporting, productivity reporting, ...)

Your profile

- You have at least 2 years of experience as a functional analyst/consultant

- You have experience in the utilities sector and are familiar with MIG / the new energy market process model
- You can work autonomously
- You can communicate with the different levels in the organisation: operators of the applications, program management, steering committee, ...
- Fit with the values of **LAVA**: entrepreneurial spirit, drive, reliable, respect, growing together
- Ambassador of **LAVA**'s qualities: expertise, listening to clients, bring effective results, master change and knowledge management, and attract good people
- You communicate fluently in French and you have good knowledge of Dutch and English

What we offer

In order for you to be successful, **LAVA** provides an innovative, professional habitat. Our colleagues are being challenged in projects, workshops and open discussions. We offer career paths that reflect the needs of our business, aligned with individual needs, aspirations and life stages. Our total rewards package includes a range of market-relevant benefits. You enter a fun, inspiring team.

How to apply?

If you are interested in working with our highly talented and motivated team, and think you fit the profile outlined above, we would love to hear from you. Please send your detailed resume, demonstrating your experience and skills to lava-jobs@lava-consulting.be
